SafetyLink®
Innovative
Fall Protection

The Hydrajaws M2000 Safety Lifeline Cable Tester KIT 2 is a complete kit enabling engineers to validate the strength of swaged components on newly installed or existing engineered lifeline systems to ensure compliance with BS 7883 up to a maximum tensile load of 25kN.

Our latest design is light, compact and very user friendly. Manufactured to exacting high standards, the Hydrajaws M2000 Safety Lifeline Cable Tester frame clamps directly to the 8mm wire rope and comes with all the accessories to test existing installations including those with long terminating assemblies without any additional parts needed. Trusted by market leading fall protection installation companies worldwide, the Safety Lifeline Cable Tester is an essential tool for carrying out testing procedures conforming to relevant BS and interanational standards.

Advise if you require Analogue or Digital Guage

Digital Gauge
Product Code: TESTER-030-003

Safety Lifeline Tester Kit 2 Features

- 'Kit 2' combines a M2000 tester with accessories including items offered in Safely Lifeline Tester Kit 1
- 0-25kN Dual Scale digital gauge compatible with the latest Hydrajaws App
- Turning Handle with 22mm (7/8") integrated nut
- Single hinge clamp arrangement with two bolts
- Cable test frame with extension bars
- Supplied in a robust protective carry case

Kit includes the following accessories:

- 8mm Barrel clamp
- 12mm Fork adaptor
- 20mm Clevis
- 22mm A/F ratchet spanner
- M12 Coupling adaptor
- M16 and M20 Long threaded stud adaptor
- Bolt test adaptor

- Knurled adaptor 8mm (10mm and 12mm optional)
- Wall tie spacer plate
- Oil bottle
- 6mm Hex key and spare cable clamp bolts and screw

TECHNICAL DATA

- Pull-out load range: 0-25kN (5620lbf)
- Up to 50mm stroke (1.97")
- Case dimensions: 571 x 382 x 160mm (22.48 x 15.04 x 6.30")
- Case weight: 16kg

- Warranty: 12 months
- Part #: 030-003 (Metric Digital)
  Part #: 030-002 (Metric Analog)
  Part #: 030-005 (Imperial Digital)
  Part #: 030-004 (Imperial Analog)

HYDRAJAWS TESTER

M2000 Digital Gauge Bluetooth APP

THE HYDRAJAWS BLUETOOTH DIGITAL SYSTEM

Record results digitally using the Hydrajaws App and manage results and reports from a remote online dashboard *(Requires a monthly subscription. Gauge, laptop and mobile not included).*

The Hydrajaws Bluetooth Digital system allows on-site pull tests to be automatically recorded and compiled into a digital report using the Hydrajaws Bluetooth Digital App on a mobile phone or tablet device. These reports can be sent directly to clients or managers and are stored in the cloud to be accessed remotely anywhere on a browser in a users own company dashboard.

The comprehensive report will include all test information including a pass or fail result, a visual results graph, fixing details, site location co-ordinates, date and time. Notes, images and photos taken on-site can be also be added.

Using the Dashboard a company administrator can review all test reports from all company users. They can also add notes to reports and send them directly to customers. The Dashboard contains all essential information including :
- All company devices and their calibration dates.
- All company users and licences.
- A GPS map containing all test sites.
- A list of Hydrajaws Approved International Service Centres.

Download the app from the Google Play Store or the Apple App Store and start your free trial.

Android Devices System: Android Version 7 OS onwards compatible mobile device with GPS.
Bluetooth: Low Energy, Smart or Bluetooth 4.0+. For installation of software a data enabled SIM with email function or a connection to the Google Play Store is required. For emailing reports, a data enabled SIM with email function is required.

Apple Devices: Any Apple iPod, iPhone or iPad with operating system of iOS 11 onwards.
Bluetooth: Low Energy, Smart or Bluetooth 4.0+, GPS and access to the Apple app store.
For emailing reports, a data enabled SIM with email function is required.

Hydrajaws Bluetooth Digital System features

Preset test information before going on-site to save time.

Fully automated Hydrajaws app allow jobs to be performed quickly.

Your own personal company dashboard accessed remotely from the cloud.

Comprehensive digital reports are produced with result graphs which can be sent from on-site.
