

Tuff Bracket - *Concrete Mounted*

The Tuff Bracket's design provides easy installation to concrete surfaces, using a single bracket to fit a multitude of safety systems. Compatible with the SafetyLink FrogLine lifeline, X-Rail horizontal rail system and Eyebolt Anchor points.

Testing and recertification is easy with the patented DonutLink testing system, which requires no disassembly of the system to complete.

- ✔ Suitable for structural concrete fixing with a minimum of 150mm thickness and 150mm edge distance.
- ✔ Designed for abseil and fall arrest safety systems.
- ✔ Minimises potential waterproofing issues by mounting to the wall of the garden bed instead of the base.
- ✔ Innovative design enables the safety system to be loaded both adjacent and across the concrete surface.
- ✔ Must be installed using easy to use Fischer Concrete Injection Mortar, sold separately.
- ✔ Made from 316 Stainless Steel.

Benefits of choosing SafetyLink:

SafetyLink's unique designed systems provide fall restraint and fall arrest safety for residential, commercial and industrial buildings. Our innovative fall protection systems have patented designs which absorb energy, which means in the event of a fall the anchor absorbs energy therefore reducing risk of injury to the person and damage to the structure.

SafetyLink's designs represent a perfectly engineered solution for working at heights and roof safety fall protection.

- ✔ Fast simplified installation.
- ✔ Multi-directional fall protection.
- ✔ Rated at 15kN.

SafetyLink will provide you with the following:

- ✔ All products tested and manufactured to current Standards.
- ✔ All distributors and installers are trained to use SafetyLink products.
- ✔ Supply installation guides, testing results and product sheets.
- ✔ Layout Design Service providing compliant roof safety systems.
- ✔ Supply a large range of roof anchors that protect you from the ground up, allowing complete access to your roof.
- ✔ Installers are qualified to do yearly inspections on your anchors as per current Standards.
